## FOR YOUR SUPPORT

One of the benefits of being involved with CP Rochester, Happiness House and Rochester Rehabilitation is that we continually hear comments and stories about how we have helped so many people.

Our successes would not be possible without the contributions made by our staff, our donors, our volunteers and, most importantly, the children, adults, and families who benefit from our programs and services. What we do is clearly a collaboration involving many within our community and the success of that collaboration can be seen on the faces of our “friends” every day.

In early 2015, Happiness House affiliated with CP Rochester. The two corporations each became subsidiaries of the parent corporation, Ability Partners, Inc. In early 2016, the affiliation welcomed a new subsidiary, Rochester Rehabilitation. That collaboration has been as successful as we had hoped. With the financial support of Ability Partners Foundation, the three affiliates now serve more than 6,600 people throughout the Finger Lakes and Greater Rochester areas.

Simply put, thanks to the efforts of all those mentioned above, these past three and a half years have been very good years, and that bodes well for our future. With your continued support, we intend to fulfill the goal of our daily service to our community. Your involvement in all we do is greatly appreciated.

As things evolve among our organizations, one thing remains clear... a steadfast commitment to our mission to change lives forever in a community that opens doors and enriches lives.

# OUR STORY

## PARTNERSHIP IS THE KEY TO SUCCESS

In 2016, Rochester Rehabilitation officially joined Happiness House and CP Rochester as an affiliate agency of Ability Partners, Inc., the passive parent corporation overseeing all three agencies as independent subsidiaries. The addition of Rochester Rehabilitation to Ability Partners, Inc. has enhanced the scope of high quality services of all three organizations, provided a larger operational platform, leveraged resources, and enhanced cost-effectiveness. We have worked diligently to enhance our scope with a single goal in mind: to best support the adults, children, and families who seek services from our organizations.

By partnering with a variety of like-minded agencies who share a belief in a common mission, we increase the availability and quality of services and programs that are relied on by thousands of individuals and their families. This proactive approach to service delivery is made possible by the hundreds of dedicated therapists, nurses, teachers, habilitators, support staff, volunteers, and Board members at our three agencies.

As we move forward as partners, our agencies are poised to serve an even greater number of children and adults. We appreciate the support our agencies receive - it helps fuel our mission to change lives forever in a community that opens doors and enriches lives.

### CAULDER JENCIK

Caulder Jencik, who attended preschool at CP Rochester's Augustin Children's Center, has been diagnosed with cerebral palsy, a visual impairment, epilepsy, reflux, and asthma. Despite these odds, Caulder has made incredible strides at CP Rochester. He receives physical, occupational, speech, swim, and music therapies, as well as vision services. Caulder's parents, who adopted Caulder as a premature newborn, credit CP Rochester for providing him with an incredibly rich experience that supports their son while still challenging him. "The staff are incredible! They've become extended members of our family with the love, patience, and care they've given all of us." His parents have seen tremendous growth in Caulder, including walking independently. When asked about Caulder's future, his parents said, "His future is unpredictable, but the uncertainty only lies in all the great things he's going to accomplish!" Caulder truly is a shining star.

# HAPPINESS HOUSE

**WHAT HAPPENS HERE CHANGES LIVES FOREVER.**

## **LOUIE PECK**

Louis "Louie" Michael Peck was born full term, a happy, bright, and friendly baby. As Louie grew, his pediatrician expressed concern regarding his speech and language development. At two years old, Louie only used six words, and did so infrequently. He received an Early Intervention core evaluation in December of 2015 and started receiving Speech Therapy, and eventually Occupational Therapy during his morning toddler group program at Happiness House in Geneva. Within just the first few weeks, Louie began to show progress in understanding and using language. He loved his teacher, classroom aides and his friends and looked forward to school every morning.

In the 2016-2017 school year, Louie moved into the yellow room morning class where he continued to flourish! He is now using long sentences, asking questions and following directions with greater ease every day!

Louie is attending his last year at Happiness House. He loves riding the bus, playing on the playground and telling everyone he meets about his favorite ocean creatures and dinosaurs! Kindergarten had better get ready for Louie!

## WORK. WELLNESS. INDEPENDENCE.

### JOHN GEISLER

In 2003, when both John Geisler and the late Sheriff Andrew Meloni were receiving rehabilitation services following their strokes, they discovered more support was needed in the community to help people deal with the drastic life changes that come following a stroke. With the help of Rochester Rehabilitation, these friends started the Stroke Support Group that has lasted more than a decade! Even after the passing of his friend, John remains an important part of the group which meets monthly for social, educational, and support opportunities. John enjoys being part of a group where members share stories, and receive encouragement and information regarding technology and programs available to help with independence and life quality. With the recent partnership of Rochester Rehabilitation and CP Rochester, the Stroke Support Group has now expanded its services to many other people like John who are living full and productive lives.

We also provide on-site clinical services with a therapist and psychiatrist.

## PUTTING PEOPLE TO WORK

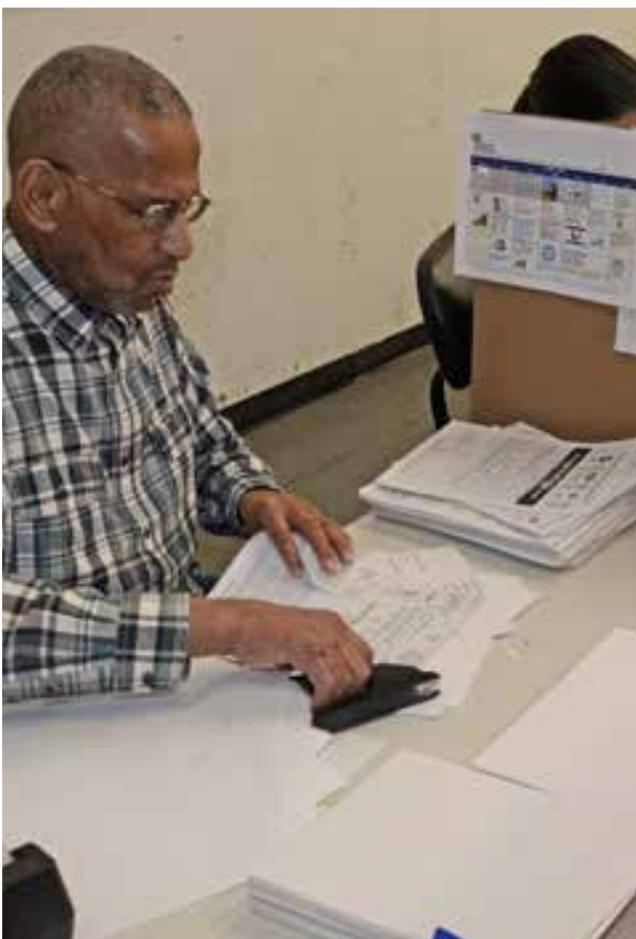

**Employment Connection** helps adults with disabilities and other disadvantages successfully find and keep jobs. Nationally, people with disabilities experience an unemployment rate that’s nearly twice the rate of their non-disabled peers and are hit hardest by a struggling economy.

**OneSource Solutions** is the workforce training and development arm of Rochester Rehabilitation. We help people build job skills with short-term training courses and certifications, and put people to work within our own businesses of contract manufacturing and professional janitorial/cleaning services.

**Strengthening Working Families Initiative (SWFI)** program in partnership with area employers, businesses, and community organizations creates access to educational and training institutions and supports career advancement in high demand industries for parents with dependent children at home.

## DRIVE ON

**Helping People Drive Safely.** DriveOn is the only driving school in Upstate New York that helps people of all ages and abilities to drive safely and confidently. # ABILITY PARTNERS FOUNDATION

**Elsa Steo**  
2017 Board Chair  
Ability Partners Foundation

## MISSION

The Ability Partners Foundation is a nonprofit organization established to raise and generate funds that will promote, support, and augment the continuation of long-term services for people with disabilities offered through CP Rochester, Happiness House, and Rochester Rehabilitation in the Finger Lakes and Greater Rochester areas including Ontario, Seneca, Yates, Wayne, and Monroe Counties.

## VISION

The Ability Partners Foundation will provide the necessary resources to ensure that all individuals receiving services through CP Rochester, Happiness House, and Rochester Rehabilitation will experience "What Happens Here Changes Lives Forever" in a community that is "Opening Doors and Enriching Lives" and provides "Work. Wellness. Independence."

Ability Partners Foundation has been busy, thanks to you. In the fall of 2017, the Development Committee kicked off our Major Gifts Program. We held several community outreach presentations to over 70 participants and were gratified by the response and the excitement. Watch for new developments in 2018!

As nonprofit, human services agencies, CP Rochester, Happiness House, and Rochester Rehabilitation work extremely hard to provide high-quality and much-needed services despite shrinking government reimbursements. We rely on generous donors, creative fundraising events, as well as mission-driven corporate sponsors to help bridge the financial gap and help our programs and services thrive.

I am pleased to share with you a few our fundraising efforts over the past two years. Thank you again for your commitment to our agencies!

## WHERE DO YOUR DONATIONS GO?

Nearly every gift given to CP Rochester (CP), Happiness House (HH), Rochester Rehabilitation (RR), and Ability Partners Foundation (APF) benefits ALL organizations! Monies raised from fundraising events are accepted by APF. This means, by participating in any agency event, your contribution helps all three agencies! Now, donors' gifts carry a much greater impact. In addition, general gifts to CP, HH and RR throughout the year benefit all three agencies.

Of course, gifts that are made to a specific program or service at an agency are reserved solely for that agency.

Thank you for your generosity over the years! Rest assured, CP Rochester, Happiness House, and Rochester Rehabilitation apply good stewardship to any and all gifts given to our agencies. If you would like to make a donation now, you can do so using the enclosed envelope, or visit us on-line.

# WE SECURE --- A BRIGHT FUTURE

The successes of these past two years have demonstrated the value of the decision of CP Rochester, Happiness House and Rochester Rehabilitation to affiliate with one another and the value of continuing to search for creative means of providing service delivery. Everyone should be proud of what has been accomplished this year. Thanks to our staff, our volunteers, the individuals and families we serve, and so many other supporters, we are fulfilling our vision and mission and are headed in the right direction.

"I am now 12 years old and in sixth grade at Geneva Middle School. I still receive all of the services that were begun at Happiness House. I not only walk, but I can run and jump, and have gotten much stronger physically. My mom and dad say that miracles happen every day at Happiness House. I am proof that they do!" -- Erin Hart, 2016
